Galactic Gazette

Attack of the Buzzles!

A swarm of insects called the buzzles appeared in the alien forest and attacked the micro-friends.

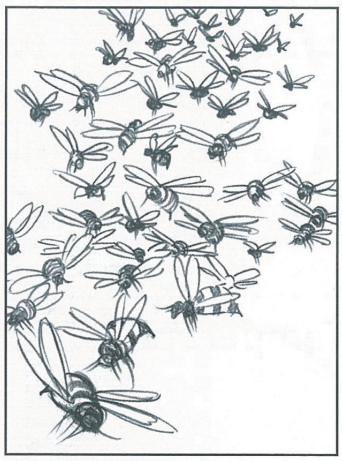

A buzzle is a large insect with purple and orange stripes and wings It also has a very large sting.

Buzzles are known to be dangerous when they are in a swarm.

First, there was only one and then a swarm of buzzles stopped and hovered above Nok, the alien.

Luckily, the buzzles didn't harm Nok and the micro-friends. The buzzles chased Nok only to get the power from him.

At Last, the insects flew away and the friends set off again

more determined than ever to stop Badlow, the rogue.

Retell the story The Trap

The friends were making their way through the forest. Nok was running ahead of the others and coudn't hear the friends calling.

Nok was captured by a trap and shop up into the air. He shouted for help.

Krool found Nok and reproted to Badlaw that he has captured Nok, The Exian prince.

The friends unfurled their wings and helped Nok to excape from the trap by pushing his shrinking button.

The Krools were so busy following their prey that they didn't see where they were going and crashed into each other.
